

PanPastel Workshops

PANPASTEL®

PanPastel is a new product introduced to the Craft Market by Premium Art Brands who were recently appointed the exclusive distributor for the UK and Ireland.

The product was originally conceived for the Art materials market and has found favour with many leading Pastel Artists. It can also be used to create fabulous results in Card Making, Scrapbooking and Altered Art and is quickly being adopted by the crafting community.

PanPastel is a premium quality range of 80 colours. The product is uniquely packed in a pan format and can be applied to almost any surface with Sofft Tools that were specially designed for the task. The colour is so easy to use and can be blended effortlessly, to produce some wonderful results.

If you want to be one of the first to try PanPastel, we will be running 3 Free workshops per day.

The workshops will be run by Kerry Kennedy who is the PanPastel Design Team Leader. Kerry has been crafting for many years and fell in love with PanPastel when she first tried them.

During the 30 minute workshop Kerry will show you various ways in which you can use PanPastel in your craft projects. The session will be hands on, so you will be able to truly experience the product for yourself. Workshop participants will be able to take home whatever they have made during the session.

The workshops can be booked on a first come first served basis, so please come and register early at Stand J11.

At the show Premium Art Brands will partner with Creativity Store – www.yourcreativitystore.com to bring you the full range of PanPastel single colours, PanPastel Sets & the Sofft Tools range. There will be a number of exclusive Show Offers available from the Creativity Store stand which is located adjacent to the workshop area, at Stand N12.

PanPastel & the Sofft Tools range will appeal to both those new to crafting and experienced Crafters. To see just how versatile the range is visit the PanPastel UK Blog at <http://panpasteluk.blogspot.com/>
